

Master Bath

DESIGN STUDIO B

BEFORE

AFTER

Design Studio B transformed this twenty-year-old Master Bathroom into an irrefutably alluring retreat with a floor-to-ceiling renovation. Among the finishes of quartz, tile, glass and polished chrome this master bath is a careful balance of warm grays set against bright whites. The elegant custom designed vanity features an arched element framing the mirror and a furniture styled base. Overall the result is a space that exudes modern luxury and has provided the homeowner with a graceful sanctuary.

1103 Baihly Heights Ln SW

Directions: From Hwy 52, exit to 6th St SW // Head West on 18th Ave SW // Continue on 18th Ave SW // Continue straight on Folwell Dr SW // At the top of the hill, turn left on 23rd Ave SW // Turn left on Baihly Heights Dr SW // Turn left on Baihly Heights Ln SW // Home will be at the end of the cul-de-sac on the left.

Project Goals:

1. Update and redesign a "standard" oak Master Bath
2. Replace outdated lighting, cabinets, finishes and fixtures
3. Create more functional storage
4. Provide a luxurious design aesthetic
